

Iconography  
Deloitte brand  
icon library

Important Tip: Press the shortcut key, *Cntrl + F* (PC) or *cmd + F* (for Mac). Then type in the keyword of the icon you are looking for.

This file contains over 1,400 unique icons for you to choose from, divided into 18 broad categories. It contains a keyword search feature to help designers find icons faster using the Find\* function in PowerPoint. Icons have been created and collected from Deloitte designers across the globe and compiled with the previous collection. Some are repeated for easier access or as helpful prompts, as well as conceptual options.

## FOR DESIGNERS ONLY

For icons you want to use in PowerPoint, an equivalent file can be downloaded from Brand Space.

There are two types of icons in this file based on your requirement or usage:

1. Icons created using Fill
  - Access these icons by unhiding **Icons by Fill** layer and hiding the **Icons by Stroke** layer
  - They are ideal for use while working with InDesign
  - These icons are easy to scale and maintain proportion
2. Icons created using Stroke
  - Access these icons by unhiding **Icons by Stroke** layer and hiding the **Icons by Fill** layer
  - These icons can be used in InDesign or can be copied into Illustrator
  - They are ideal for editing or customization

The InDesign version of this document includes all editable icons. You can choose any of the colors in the pre-loaded color palette in this file.

The Keyword layer has to be visible and unlocked for the keyword search function to work.

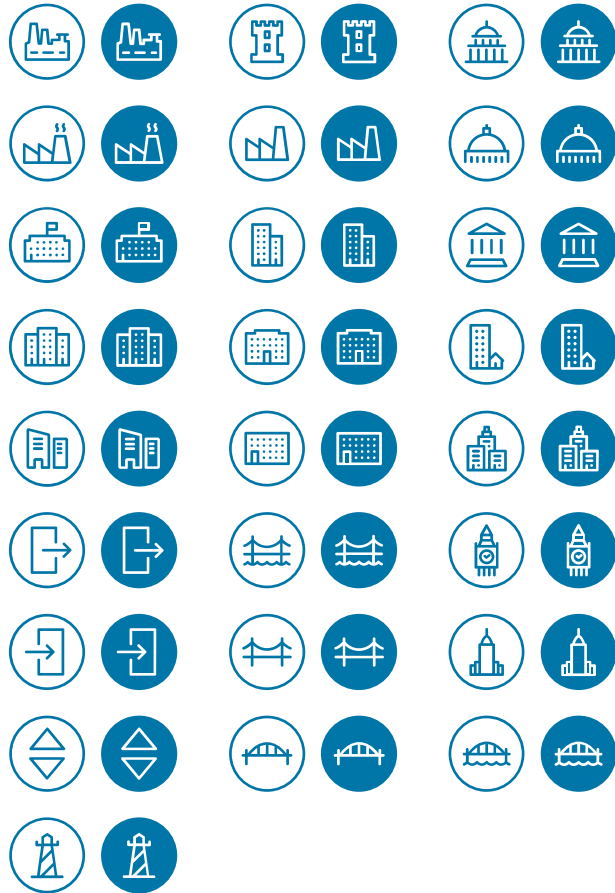

Try not to accidentally delete or edit the keywords. Even if you do, you can always replace this file with a fresh download/copy.

To create new icons, please refer to guidelines in Brand Space and send any new icon to [globalbrandingteam@deloitte.com](mailto:globalbrandingteam@deloitte.com) so these can be added to the master library in the future.
