What is CAFTA Case Championship?

CAFTA Case Championship 2020 is the **flagship event** of CAFTA program.

Designed to provide students an outlet to explore differentiated methods of learning.

Leading industry experts working with top organizations are constantly challenged.

Can you work on these problems statements to deliver **original, creative and innovative solutions** to drive business strategy?

CAFTA Case Championship 2020 brings **unique, high-priority problem statements** that demand solutions and insights to the student space:

Core areas:

- ▶ Managing investments
- ▶ Mitigating financial risks
- ▶ Optimizing funding

Put on a **Consultants'** hat!

Streams for participation

1

Managing cash and investments

Participate in “Managing cash and investments” stream to solve real-life complex problems that companies face in managing their investment portfolio. It is a known fact that *investments are subject to market risk* but would you only read the offer document before investing? Be it the Franklin Templeton crisis or the Infrastructure Leasing & Financial Services (IL&FS) crisis, do you think you have the potential to consistently beat benchmark returns? Can you help companies **design cash and investment strategies**?

2

Mitigating financial risks

Market movements have an impact, but how does one manage that risk? What impact do you think the Reserve Bank of India's (RBI's) rate cuts, negative interest rates and high dollar exchange rates have on corporates? In which currency should the company be funding in? If risk management intrigues you, this stream is for you. Can you apply a blend of **risk management and business strategies** to solve real-life business cases?

3

Optimizing funding options

What would you raise - debt capital or equity capital? It depends. If you have those potential scenarios pop-up in your head or are curious to learn more, this stream is perfect for you. It provides the right information to help you embark on a journey to solve some pressing problems faced by the industry while **optimizing their short-term and long-term funding portfolios**.

It does not matter which industry you want to work in, every company struggles to solve challenges around these three **core areas** to strategically steer their business.

Can you solve **high-impact consulting cases** to help these companies operate better?

The case studies will encourage you to understand the **technology and analytics** landscape in the industry space.
